Bright Manufacturing Services, Inc. provides contract manufacturing and assembly services in Tijuana, Mexico. We specialize in electronic assembly and complete contract manufacturing. We offer turnkey manufacturing and labor only services. We also offer plastic parts assembly and packaging services. Our goal is to tailor our products and services to the customer's specific needs.

Advantages:

- Considerable reduction in production cost
- Reduction of in-house logistics and scheduling tasks
- Free up management resources for other tasks
- Just in time delivers
- Enhanced quality assurance

Capabilities:

- Surface mount, through-hole technologies and hand finish work
- Electro-mechanical assembly
- Cable and harness assembly
- Complete electrical test and evaluation are available
- Expertise in packaging, from commercial to consumer level
- Non electronic assembling and package

We can work with any combination of parts and labor. Our modern fabrication equipment coupled with an emphasis on quality, combine to produce a quality product. Our modern purchasing and inventory system enable us to offer competitive contract manufacturing and assembly solutions.

Bright Manufacturing Services, Inc. is located in the Otay Mesa area of San Diego, one mile from the border, and minutes from the assembly facilities in Tijuana. We provide all of the logistics, project management and quality assurance services. All receiving, kitting and shipping is from our San Diego facility. Please visit our web site at www.brightmanufacturing.com, for more details regarding services, facilities and company information.

We look forward to the opportunity to discussing your production needs and to showcase our services and capabilities.
